

PRESS RELEASE

Case# 23SA008318

For Immediate Release

12/13/2023

Narrative:

On December 13, 2023, at approximately 4:04 am. the St. Albans Police Department received a call from 100 Lake Street reporting a shooting incident within an apartment. On arrival, officers encountered one male who had been shot. The male was transported to Northwestern Medical Center and then to the University of Vermont Medical Center for his injuries by AmCare Ambulance Services. SAPD is withholding the name, address, and injury status of the victim at this time.

The investigation determined the lone shooting suspect fled the apartment immediately following the incident before the officer's arrival. This appears to be an isolated incident.

There will be no further information released at this time.

Callers with information about this matter or any other criminal matter may contact the St. Albans Police Department at:
